

# Why Do Patients Choose Great Falls Clinic?

## JOINT REPLACEMENT SURGERY RESULTS

### EXCELLENT PATIENT EXPERIENCE

Our patient satisfaction scores are outstanding when compared to other national hospitals.

#### Overall Satisfaction

#### Definitely Recommend

### RAPID RECOVERY AND TRANSITION BACK HOME

Our patients leave the hospital sooner, and more go directly home vs. a rehab facility.

#### # of Days in the Hospital

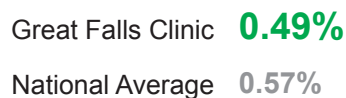

#### % of Patients That Go Directly Home

### LOW COMPLICATION RATE

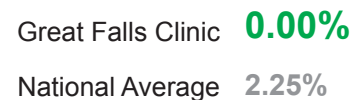

Our rate of complications in the hospital related to surgery is low (including infection, blood clots, severe bruising).

### LOW TRANSFUSION RATE

Our blood transfusion rate is low compared to other national hospitals.

#### Blood Transfusion Rate

Our hospital data is based on hip and knee surgeries performed during **April 2018 - June 2018**.
